Thanks Emy.

I appreciate your help with this coordinated effort.

Hi Carl,

Just wanted to let you know that I don't have additional comments on these fact sheets, but was relying on regional review for technical accuracy.

Thanks,  
Emy

**Importance:** High

Good morning:

I wish to have Cathy review the ORC comments/mark-ups before we share with DOE. At this point, if it comes up during the call I request (please) that we convey to DOE that our R4 ORC folks are reviewing the two fact sheets. Nothing more.

Thanks,

Carl

**Subject:** RE: today

Sorry, I got my acronyms mixed up. I meant the interagency team of managers for ORR.  
Either way, looks like more edits are going to be put forward.

Thanks,  
Emy

**Subject:** RE: today

I'm not sure what the EIC is?? R4 ORC needs to review the fact sheets because they are kind of "in lieu of" a revised Proposed Plan...

**Subject:** RE: today

I don't have any edits, but was deferring to the region on more technical type comments. I thought the EIC had approved those final versions. Is that inaccurate?

**Subject:** today

Hi Carl,

I'm on annual leave starting at 10am today, so I will miss the 12:00 Oak Ridge stakeholder workgroup call. As far as I know, EPA is still reviewing 2 of the fact sheets (WAC, site selection). I know you and Jon don't have any further comments, but Martha is still reviewing. Not sure if Tonya or Emy have any comments on the current version. The 3<sup>rd</sup> fact sheet (rad limits for surface water) is delayed until the rad discharge limits are sorted out – so EPA will need a chance to review that fact sheet once it is available.

Thanks,

Cathy Amoroso, Chief  
Restoration & DOE Coordination Section

Superfund & Emergency Management Division  
U.S. EPA, Region 4
